DietOrganizer as a Phone App for free in the Android Market:

DietOrganizer iPhone App Store Page: \*Reviews\* See what some of our users have written about this great application...

"DietOrganizer is the most scientifically accurate program available on the market today. Here's what I love about it. Even if you're using the program for the first time, it's easy to get started at the beginning of the day. They've already thought about a lot of the fine points, and you can get started by choosing

---

your nutritional objectives from a list of over 300. The concept of this application has tremendous potential to be the best tool available in helping people reach their weight loss goals. The fine tuning of this application and its ease of use makes it both worthy of time and worthwhile." "This application has been a great tool to keep me focused on the goals that I have set for myself. The graphs are a great visual, and the daily and weekly reporting is very helpful in evaluating my progress." "Ever wanted to have everything that you need to make a healthy and balanced meal all

---

in one place. Well here it is! DietOrganizer is a program that will help you lose weight and keep it off with nutrition. You can lose body fat, gain muscle, gain energy, and maintain muscle. You also have the option of tracking your weight loss % if you're interested." \*Get The App And Get Rid Of Belly Fat Fast!\*

Dear developers, I love you  
already, however I would love a  
little bit more improvement: The  
menu doesn't show up when I  
touch anywhere on the menu bar  
of my device. I know that you've  
enabled gestures but for me it's  
not working. Thanks so much!

## What's New In?

DietOrganizer makes it easy to keep track of all the little things that happen daily in your diet. It uses an intuitive wizard that will help you create a diet to lose weight, or simply maintain a healthy weight. There is no need to write everything down because DietOrganizer uses intelligent features like the Total Calorie Counter, Memory and Body Measurements to help you monitor your whole diet. - Automatically calculate calories, carbohydrates and fat and see how much you have ingested - Automatic calorie tracking for

---

food groups (protein, fat, carbs) -  
Body measurements - you can estimate your body fat by entering measurements of your neck, chest and thighs. - Preset measurements - enter your measurements into the preset measurements field (91px), including neck, chest and thigh -  
Log your food - track your food in diary view - Customizable background - you can change the background to any image or image folder in your computer -  
Log your daily exercises - with a new periodic and recurring diary option - Calculate your daily caloric burn rate - even if you

---

don't have a fitness tracker -  
Record your current weight and  
body fat percentage - check the  
average daily weight fluctuations,  
calculate your body fat  
percentage and show before and  
after photos - See your average  
weight variation over time - See a  
table with a summary of how  
much you ate over the selected  
days - Print a daily report, a  
weekly report or a monthly report  
- Keep a diet diary with  
comments and notes - View and  
print charts of weight variation  
over time - Quickly increase and  
decrease the time period to get  
the data for You can easily use

---

your own diet plan with DietOrganizer, regardless of what software or app you use for it. \*\*

When you import a diet with DietOrganizer, you will not be able to change it afterwards.\*\*

The application has nothing to do with the following brands: -

Aetrex - BIODIET.DE (Biodiet) - Dietplate - DietPot - Diasto - Dynamo - Fatcalc - FatCal - Fat Counter - Fat Counter Active - Fat Top - Food Journal - Food Logarithm - Gym Match - Gymn - Gympot - Myother - Myother - MyProtein - MyProtein Pro - Myprotein - Mysuper - MyTome - MyTracker - Myunit
